January 27, 2023

I. SELECTION SYSTEM

A. Provide the minimum eligibility requirements for an athlete to be considered for nomination to the Team:

1. Must be a U.S. citizen by the time of their entry into 2021 (2023) US Collegiate Taekwondo Team Trials for sparring.
2. Per IF standards, athletes must be black belts.
3. Only the competitors who satisfy the following conditions may take part in a FISU sporting event:
 - Be a national of the country they represent;
 - Be 18-27 years old (athlete's age on Dec. 31, 2023);
 - Students who are officially registered for and pursuing at least a **half-time** course of study at a university or similar institute whose status as a university is recognized by the appropriate national academic authority of their country;
 - Former students of the institutions mentioned in the third bullet point who have obtained their academic degree or diploma in the years preceding the event (i.e. 2020, 2021, 2022, or 2023).

B. Provide a brief summary outlining how an athlete is selected as a nominee to the Team.

The 2021 (2023) Collegiate Team Trials will be held to determine the 2021 (2023) Summer World University Games (SWUG) Taekwondo team nominees. The date and location of this event will be April 14, 2023 in Boulder, Colorado. Details of this competition will be posted at the NCTA website (ncta-usa.com).

The format will be single-elimination for divisions of 4 or more entrants and double elimination for divisions of three (3) or fewer entrants. The winners from the single-elimination and double-elimination rounds will be considered the 2023

winners and will move into the fight off against the 2022 SWUG team trials winner from the same weight division. The two winners will compete in the fight off where the 2021 (2023) SWUG team member will be determined by the best of three matches. If one competitor wins the first two matches, then there will be no need for the third match. The fight off winner will serve as the 2021 (2023) Summer World University Games Taekwondo team nominee. The entrant in second place (the runner up) will be considered the B-team member and alternate should the winner not be able to serve as the 2021 (2023) SWUG team member.

If there is no 2022 SWUG team trials winner or the 2022 SWUG team trials winner does not compete in the 2023 SWUG team trials, then the 2023 winner will serve as the 2021 (2023) Summer World University Games Taekwondo team nominee, and there will be no need for a 2023 fight off. The 2023 entrant in second place (the runner up) will be considered the B-team member and alternate should the winner not be able to serve as the 2021 (2023) SWUG team member.

If the 2022 SWUG team trials winner competes in a different division, then they will forfeit their berth in the 2023 fight off for their 2022 weight division. For example, if an individual winner from 2022 were to compete in a different weight division, they would forfeit their berth in the 2023 fight off. The 2022 winners would also forfeit their berth in the 2023 fight off if they were to compete in the same weight division they won in 2022 for the rounds determining the 2023 winner.

If neither the 1st place nor the 2nd place team from the sparring fight off is able to serve on the 2021 (2023) SWUG team, then it will be at the discretion of a selection committee whether or not an entrant for said division will be included on the US team competing at the 2021 (2023) SWUG. The committee will consist of: the NCTA President, a sparring athlete representative, and a sparring coaching representative.

C. Tryout Events:

1. Provide the event names, dates and location of all trials, events and/or camps to be used as part of the selection process.

There will not be any tryout events (i.e. camps or competition) for the 2021 (2023) Summer World University Games Taekwondo team.

- D. Provide a comprehensive, step-by-step description of the method that explains how athletes will go through the selection process to become team nominees.

Consistent with the 16 weight divisions for the 2021 (2023) Summer World University Games:

1. The format will be single-elimination for divisions of 4 or more entrants and double elimination for divisions of three (3) or fewer entrants for gyoroogi (sparring). The winner from the single-elimination or double-elimination rounds will be considered the 2023 winner and will move into the fight off against the 2022 SWUG team trials winner. The two winners will compete in the fight off where the 2021 (2023) SWUG team member will be determined by the best of three matches. The gyoroogi winners will serve as the 2021 (2023) Summer World University Games Taekwondo team nominees.
2. Seeding for the 2021 (2023) US Collegiate Taekwondo Team Trials for sparring will be in accordance with the most current USA Taekwondo Tusah rankings at the time of the team trials.

If a berth in the seeding is vacant or a qualified athlete is not competing, the athletes seeded below that berth would be moved up until there are no vacant positions in the final seeding for each weight division.

Matches for double elimination divisions will continue until each athlete in each weight division has an individual rank (1st-3rd) at the conclusion of the double elimination portion of the 2021 (2023) Collegiate Team Trials for sparring.

II. DISCRETIONARY SELECTION

Discretionary selection (wild cards) are not necessary as this is an open event for all athletes meeting the eligibility requirements.
